

Application under Tier 1 (Investor) for Entry Clearance or Further Leave to Remain

Hourly rate: £200.00 plus VAT (where applicable)

Applications under the Investor category are charged on an hourly basis as the amount of work can vary depending on a number of factors outlined below. On average the costs for this application are between £10,000 and £25,000 excluding VAT. If you are able to provide sufficient evidence at our first meeting and clearly meet the applicable Immigration Rules, the cost is likely to be at the lower end of this range. The exact number of hours it will take depends on the circumstances in your case. Such as:

- The amount of supporting evidence that we need to consider;
- Whether you are applying with other dependants;
- Whether your funds have been held by you for at least 90 days;
- The source of your funds;
- Whether there are existing sanctions in relation to the funds that will be transferred to the UK for investment;
- Previous criminal convictions;
- Previous refusals or adverse immigration history;

What services are included?

The work will involve:

- Discussing your circumstances in detail and confirming whether this is the most appropriate application for you to make and what other options may be available to you;
- Giving you advice about the requirements of the Immigration Rules and whether you meet the criteria;
- Taking your instructions and sending you a comprehensive checklist of the supporting evidence required. This will include details regarding format and templates to help guide third parties on necessary wording where relevant;
- Reviewing your documents and where necessary, helping you obtain the required evidence such as liaising with the relevant bank or accountancy firm on your behalf;
- Completing the Tier 1 Investor application form;
- Liaising with a UK bank in order to open an investment account in line with the Immigration Rules;
- Assisting in the process of obtaining the relevant bank letter in line with the Immigration Rules;

- Drafting representations outlining the relevant immigration rules, the ways in which you meet them and a list of the enclosed supporting evidence;
- Arranging the relevant biometric appointment under the standard, priority, or super premium services and advising on the application submission process;
- Giving you advice about the outcome of the application and any further steps you need to take in order to qualify for an extension of this visa or for Indefinite Leave to Remain (ILR) on this route;

Disbursements (not included in costs set out above):

- Any Home Office fees for making the application. You will pay this to the Home Office directly as part of the application process. These figures are available on the government website and change in April at the end of every fiscal year. Note that where the applicant is based outside of the UK, fluctuations in currency may affect the Home Office fee.
- Where the Home Office refuse your application, advice and assistance in relation to any appeal.
