

Application under Tier 1 (Entrepreneur) for Entry Clearance or Further Leave to Remain

Hourly rate: £200.00 plus VAT (where applicable)

On average, this type of work takes between 25 - 30 hours to complete. This means that on average costs are between £5,000 and £6,000 excluding VAT depending on the complexity of the matter. If you are able to provide sufficient evidence at our first meeting and clearly meet the applicable Immigration Rules, the cost is likely to be at the lower end of this range. The exact number of hours it will take depends on the circumstances in your case. Such as:

- The amount of supporting evidence that we need to consider;
- Whether you are applying with other dependants;
- Your experience as an entrepreneur outside of the UK;
- Your ability to familiarise yourself with the relevant business plan in preparation for the Home Office interview;
- Previous refusals or adverse immigration history;

What services are included?

The work will involve:

- Discussing your circumstances in detail and confirming whether this is the most appropriate application for you to make and what other options may be available to you;
- Giving you advice about the requirements of the Immigration Rules and whether you meet the criteria.
- Taking your instructions and sending you a comprehensive checklist of the supporting evidence required. This will include details regarding format and templates to help guide third parties on necessary wording where relevant.
- Reviewing your documents and where necessary, helping you obtain the required evidence such as liaising with the relevant bank or accountancy firm on your behalf;
- Completing the Tier 1 Entrepreneur application form.
- Drafting representations outlining the relevant immigration rules, the ways in which you meet them and a list of the enclosed supporting evidence.
- Conducting a mock interview with you in preparation for the Home Office interview, providing you with feedback and advising you on the questions the Home Office are most likely to put forward.

- Arranging the relevant biometric appointment and advising on the application submission process.
- Giving you advice about the outcome of the application and any further steps you need to take in order to qualify for an extension of this visa or for Indefinite Leave to Remain (ILR) on this route.

Disbursements (not included in costs set out above):

- Any Home Office fees for making the application. You will pay this to the Home Office directly as part of the application process. These figures are available on the government website and change in April at the end of every fiscal year. Note that where the applicant is based outside of the UK, fluctuations in currency may affect the Home Office fee.
- Where you are unable to provide an appropriate business plan for the purposes of this application, you will be able to instruct us to do so. Our plan writing partners charge between £900 and £1,100 for completion of the business plan depending on how quickly you'd like it to be completed.
- Where the Home Office refuse your application, advice and assistance in relation to any appeal
